

Certificate of Insurance - Due March 30, 2010

Certificate of Insurance (Requirement of All Exhibitors)

Exhibitors insuring their exhibit materials, goods and/or wares of exhibits against theft, damage by fire, accident or loss of any kind, do so at their own expense.

The Conference requires that all exhibitors provide proof of liability insurance at least thirty (30) days prior to setting up your stand. Coverage must be carried through the duration of the exhibit program, including set up and dismantle. The certificate must name the Conference organizations, WOCN Society and WCET, and convention center as an additional insured party. The certificate must state a minimum insurance of \$1 million U.S. dollars and the territory of coverage must include the United States. Although the Wound Ostomy and Continence Nurses Society does not endorse any insurance company, we suggest contacting your insurance agent, or John Buttine Inc. for general liability insurance information, on-line at www.buttine.com (click on Event Insurance, then Exhibitor, and finally General Liability (Information or Application), 800.964.4454 x49, kar@buttine.com, Kendra Reilly).

The exhibitor agrees to make no claim, of any nature, for any reason whatsoever against the Conference for loss, theft, damage, or destruction of goods, nor for damage of any nature, nor for any negligence, malfeasance or misfeasance, nor for failure to hold any portions of the Conference, in part or total, as scheduled.
